MT<sup>®</sup>  
METATRON

## Enhance the timeless beauty of your skin

MT Metatron strives to be your most trusted partner  
in your pursuit of beautiful, youthful skin.

As a market leader in the field of aesthetic skincare,  
our aim is to challenge the concept of time and  
unleash the full potential of your skin.

It's time to begin your journey to real,  
lasting beauty with MT Metatron.

## PRODUCT LINES

### ESSENTIAL LINE

Designed for those struggling with wrinkles, lines, furrows and sagging skin.

---

### STEM CARE LINE

Designed for those in pursuit of firm, youthful skin.

---

### SENSITIVE LINE

Designed for those struggling with sensitive skin that is prone to irritation and redness.

---

### WHITENING CARE LINE

Designed for those that wish to banish dull skin, dark spots and reduce the signs of hyperpigmentation.

---

### PORE CARE LINE

Designed for those struggling with enlarged pores, acne and acne scarring.

# ESSENTIAL LINE

## Lotion

### MT Essential Lotion 150 ml

This lotion combines a selection of high quality skin-toning ingredients\*<sup>1</sup> to tighten skin from deep within the dermis\*<sup>2</sup> and to improve skin resilience.

\*<sup>1</sup> Tartaric Dimethylaminoethanol (firming ingredient). \*<sup>2</sup> Penetrates to the Stratum Corneum.

#### Instructions for use

Take a coin-sized amount (about 2.5 cm in diameter) either to a cotton pad or on the palm of the hand. Apply it to the face and extend it gently to the neck area.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

## Serum

### MT Essential Serum 30 ml / 50 ml

This is one of our most outstanding skincare products. It addresses signs of ageing, particularly sagging of the eyelids and pronounced nasolabial folds. It incorporates high quality ingredients\* designed for resilient skin; the serum is especially beneficial for tightening and rebalancing skin that has lost its elasticity.

\*Tartaric Dimethylaminoethanol (firming ingredient), Carnosine.

#### Instructions for use

Following lotion application, dispense 2 pumps of the serum into the palm of the hand and apply to the face and neck.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

## Cream

### MT Essential Cream 50 g / Refill 50 g

Containing a rich concentration of Carnosine\*<sup>1</sup>, DMAE\*<sup>1</sup> and antioxidant Vitamin E\*<sup>2</sup>, this product is extremely effective in restoring the skin's suppleness by replenishing skin with essential moisture and oils.

\*<sup>1</sup> Restores the skin's suppleness. \*<sup>2</sup> Antioxidant.

#### Instructions for use

- ① Use the spatula included to take a large pearl-sized amount (about 0.9 cm in diameter) of cream. Apply gently to the face and neck every morning and night.
- ② Multiple applications are recommended for problem areas.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

## Sheet Mask

### MT Activate Mask 30 ml × 6 sheets

This is a microfiber sheet mask infused with rich emulsion and concentrated serum. This mask fits snugly against face, penetrating\* your skin. This mask immediately delivers a welcome boost to your skin, helping to restore its suppleness and elasticity. Contains a rich concentration of DMAE and Carnosine.

\* The mask has the ability to penetrate the Stratum Corneum.

#### Instructions for use

- ① Mask is best used after applying lotion (take care not to spill the liquid from the mask as it contains an abundance of precious ingredients).
- ② Apply the sheet accordingly, leaving the spaces free for the eyes and lips.
- ③ Hold the opening at the base of the mask and attach it to the chin. Use the palms of the hands to press the mask firmly to the skin, hold for 5 or 6 seconds for adhesion. Make sure the mask fits snugly around the face.
- ④ Leave the mask on for 10 to 15 minutes and then remove the mask carefully. Apply any excess liquid in the mask package directly to the skin.

# STEM CARE LINE

Lotion

## MT Stem Lotion 120 ml

This intense lotion contains 3 different types of plant cell ingredients<sup>\*1</sup>. It has Taurine<sup>\*2</sup> which effectively locks in moisture and helps to combat dryness as well as loss of elasticity due to ageing.

<sup>\*1</sup> Apple Fruit Cell Culture Extract, Argania Spinosa Callus Culture Extract, Globularia Cordifolia Callus Culture Extract (moisturising ingredients).  
<sup>\*2</sup> Moisturising ingredient.

### Instructions for use

Take a coin-sized amount (about 2.5 cm in diameter) either to a cotton pad or on the palm of the hand. Apply it to the face and extend it gently to the neck area.

- This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Serum

## MT Stem Serum 30 ml

This powerful serum contains three different types of plant stem cell extracts<sup>\*1</sup>, which are the keys to beautiful, healthy skin. Together with HGF-like Synthetic Peptide<sup>\*2</sup>, it revives the elasticity and radiance of your complexion.

<sup>\*1</sup> Apple Fruit Cell Culture Extract, Argania Spinosa Callus Culture Extract, Globularia Cordifolia Callus Culture Extract (moisturising ingredients).  
<sup>\*2</sup> Firming ingredient.

### Instructions for use

Following lotion application, dispense 2 pumps of the serum into the palm of the hand and apply to the face and neck.

- This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Emulsion

## MT Stem Emulsion 50 ml

This silk-like milky lotion contains three different types of plant stem cell extracts<sup>\*1</sup>, and an antioxidant ingredient NADH<sup>\*2</sup> which helps to protect the skin's cells. Additionally, it also contains Capryloyl Di peptide 17<sup>\*3</sup>, a substance that helps to reactivate collagen production and maximise the skin's regeneration capabilities therefore improving your complexion's vitality.

<sup>\*1</sup> Apple Fruit Cell Culture Extract, Argania Spinosa Callus Culture Extract, Globularia Cordifolia Callus Culture Extract (moisturising ingredients).  
<sup>\*2</sup> Moisturising ingredient (NADH-2Na). <sup>\*3</sup> Firming ingredient.

### Instructions for use

Dispense 2-3 pumps into the palm of the hand and apply to the face and neck.

- This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Cream

## MT Stem Cream 30 g

This powerful cream luxuriously combines three different types of plant stem cell ingredients\*. It is a gloriously thick, rich cream that helps to combat dark spots and loss of radiance that can occur with ageing.

\* Apple Fruit Cell Culture Extract, Argonia Spinosa Callus Culture Extract, Globularia Cordifolia Callus Culture Extract (moisturising ingredients).

### Instructions for use

- ① Use the spatula included to take a large pearl-sized amount (about 0.9 cm in diameter) of cream. Apply gently to the face and neck every morning and night.
- ② Multiple applications are recommended for problem areas.

- This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Eye Cream

## MT Stem Eye Cream 20 g

This intense eye cream contains three different types of plant stem cell ingredients\*. It boosts a thick texture that gently adheres to the eyelids and corners of the eyes to guard against dryness.

\* Apple Fruit Cell Culture Extract, Argania Spinosa Callus Culture Extract, Globularia Cordifolia Callus Culture Extract (moisturising ingredients).

### Instructions for use

Take a small pearl-sized amount (about 0.7 cm in diameter) and gently apply it to the skin around the eyes.

- Take care to avoid direct contact with the eyes.  
Please remember that the skin around the eyes is very delicate so avoid harsh rubbing.

# SENSITIVE LINE

## Lotion

### MT Contour Lotion 150 ml

This lotion is designed to protect the skin from dryness, gently preserving the skin's moisture levels. A combination of moisturising<sup>\*1</sup> and skin toning<sup>\*2</sup> ingredients, its hydrating texture restores the skin's health while protecting against bacterial infection and other external toxins and impurities.

<sup>\*1</sup> Sodium Hyaluronate. <sup>\*2</sup> Saccharum Officinarum (Sugar Cane) Extract, Perilla Ocymoides Leaf Extract.

#### Instructions for use

Take a coin-sized amount (about 2.5 cm in diameter) either to a cotton pad or on the palm of the hand. Apply it to the face and extend it gently to the neck area.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

## Serum

### MT Contour Serum 30 ml

This extremely effective facial serum is blended with two types of highly concentrated, ultra-pure, natural Ceramides<sup>\*1</sup>. Panthenol<sup>\*2</sup> is also one of the active ingredients, specifically improving skin-cell turnover.

<sup>\*1</sup> Glycosphingolipids, Phospholipids, Cholesterol (emollient ingredients).  
Ceramide AP, Ceramide NP (moisturising ingredients). <sup>\*2</sup> Emollient ingredients.

#### Instructions for use

Following lotion application, dispense 2 pumps of the serum into the palm of the hand and apply to the face and neck.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

## Emulsion

### MT Contour Emulsion 50 ml

This luxury product contains Hyaluronic Acid<sup>\*1</sup> and Panthenol<sup>\*2</sup>. These ingredients work together to improve cell turnover<sup>\*3</sup>. With Ceramide (similar to the intercellular lipid found in humans)<sup>\*4</sup>, MT Contour Emulsion protects the skin, locking in moisture so the skin looks healthy and youthful.

<sup>\*1</sup> Sodium Acetylated Hyaluronate, Sodium Hyaluronate (moisturising ingredients). <sup>\*2</sup> Emollient ingredients.  
<sup>\*3</sup> The original condition of the skin. <sup>\*4</sup> Glycosphingolipids, Phospholipids, Cholesterol (emollient ingredients).

#### Instructions for use

Dispense 2 pumps into the palm of the hand and apply to the face and neck.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

## Cream

### MT Contour B Cream 50 g / Refill 50 g

This is a strong cream that boosts cell turnover. MT Contour B Cream intensely moisturises the skin with Panthenol<sup>\*1</sup>, by regulating cell turnover. This cream also contains a horse-derived Ceramide<sup>\*2</sup>, which is close to human intercellular lipids.

<sup>\*1</sup> Emollient ingredients. <sup>\*2</sup> Glycosphingolipids, Phospholipids, Cholesterol (emollient ingredients).

#### Instructions for use

① Use the spatula included to take a large pearl-sized amount (about 0.9 cm in diameter) of cream. Apply gently to the face and neck every morning and night.  
② Multiple applications are recommended for problem areas.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

## Sheet Mask

### MT Contour Mask 30 ml × 6 sheets

This facial sheet mask is serum-infused for maximum effect and protects the skin from dryness by intensely moisturising it. It contains active moisturising ingredients<sup>\*</sup> for fuller, resilient, youthful skin.

<sup>\*</sup> Sodium Hyaluronate.

#### Instructions for use

① Mask is best used after applying lotion (take care not to spill the liquid from the mask as it contains an abundance of precious ingredients).  
② Apply the sheet accordingly, leaving the spaces free for the eyes and lips.  
③ Hold the opening at the base of the mask and attach it to the chin. Use the palms of the hands to press the mask firmly to the skin, hold for 5 or 6 seconds for adhesion. Make sure the mask fits snugly around the face.  
④ Leave the mask on for 10 to 15 minutes and then remove the mask carefully. Apply any excess liquid in the mask package directly to the skin.

# WHITENING CARE LINE

Lotion

## MT Bright Up Lotion Quasi Drug 150 ml

This effective whitening lotion is made with active, gentle whitening ingredients. A combination of Tranexamic Acid and Glycyrrhizic Acid Dipotassium, it demonstrates an outstanding whitening effect, targeting the initial stages of melanin production and helps to prevent the formation of freckles, dark spots and other hyperpigmentation blemishes.

### Instructions for use

Take a coin-sized amount (about 2.5 cm in diameter) either to a cotton pad or on the palm of the hand. Apply it to the face and extend it gently to the neck area.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Serum

## MT Prominent Essence 100 ml

This serum combines the outstanding stability and penetrating power of a Vitamin C derivative\*<sup>1</sup> with a water-soluble antioxidant Vitamin E derivative\*<sup>2</sup>. It works to preserve moisture to keep the skin looking youthful and fresh.

\*<sup>1</sup> Trisodium Ascorbyl Palmitate (antioxidant). \*<sup>2</sup> Sodium Tocopherol Phosphate (antioxidant)

### Instructions for use

Following lotion application, dispense 3-4 pumps of the serum into the palm of the hand and apply to the face and neck.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Serum

## MT Crystal Shot 20 ml

This is a concentrated serum that works to block melanin formation at the initial stages. It delivers a moisture-rich, translucent glow to the skin. An intensive care approach to curing sunburn, pigmentation, it also helps to prevent the formation of dark spots and freckles.

### Instructions for use

After applying the MT Prominent Essence, dab the serum onto blemishes and areas with dark pigmentation. Massage gently until the serum is absorbed, turning translucent.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Cream

## MT Bright Up Cream Quasi Drug 40 g

This exceptional whitening cream contains an abundance of active whitening ingredients: Tranexamic Acid\*<sup>1</sup> and Glycyrrhizic Acid Dipotassium\*<sup>2</sup>, both work to suppress melanin formation from an early stage to maintain skin's clarity.

\*<sup>1</sup> Whitening ingredient. \*<sup>2</sup> Antioxidant ingredient.

### Instructions for use

- ① Use the spatula included to take a large pearl-sized amount (about 0.9 cm in diameter) of cream. Apply gently to the face and neck every morning and night.
- ② Multiple applications are recommended for problem areas.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

# PORE CARE LINE

Lotion

## MT CEB Lotion 150 ml

This hydrating lotion is formulated with intense moisturising ingredients. It gently balances the skin without greasiness while locking in essential moisture.

### Instructions for use

Take a coin-sized amount (about 2.5 cm in diameter) either to a cotton pad or on the palm of the hand. Apply it to the face and extend it gently to the neck area.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes.

Serum

## MT Condense C Serum 20 ml

This effective and powerful serum penetrates the skin and restores radiance that was lost because of dryness and rough skin. It also enhances resilience for more supple and hydrated skin.

### Instructions for use

Following lotion application, dispense 2 pumps of the serum into the palm of the hand and apply to the face and neck.

● This product can also be applied around the eye area but take care to avoid direct contact with the eyes. If irritation to skin occurs, mix with any lotion or emulsion to dilute.

# MAKEUP REMOVER / CLEANSING LINE

Makeup Remover

## MT Point Makeup Remover 120 ml

This product is a makeup remover designed for both oil and water-based makeup. It gently and swiftly removes makeup especially on delicate areas, around your eyes and around the mouth.

### Instructions for use

- ① Shake the bottle well. Dispense a small amount (about 2.5 cm in diameter) onto a cotton pad. Apply directly to the makeup you wish to remove and leave on for a few minutes before gently wiping it away.
- ② After removing your makeup, take off any remaining residue with the MT Cleansing Gel.

- Please remember that the skin around your eyes and mouth is very delicate so avoid harsh rubbing. Take care to avoid contact with the eyes and the inside of your mouth, if there is contact, rinse your eyes or mouth thoroughly with water.

Makeup Remover

## MT Cleansing Gel (for all skin types) 200 ml

MT Cleansing Gel is a rich, gel-like cleanser made without oil. Consists of a combination of moisturising ingredients and ensures a smooth feeling after cleansing.

### Instructions for use

- ① Take a grape-sized amount (about 2.5 cm in diameter) of gel and place into the palm of the hand, gently massaging it into the skin using a circular motion.
- ② Following this, wash the area thoroughly using lukewarm water and pat dry with a clean, soft towel.

Cleanser

## MT Facial Foaming Wash (for all skin types) 120 g

This is a mild and gentle facial wash suitable for all skin types and is formulated with non-irritating ingredients that soothe the skin. With a glorious cloud-like texture, it's soft and comforting, containing an amino-acid based cleansing ingredient.

### Instructions for use

- ① Squeeze a small amount (1-2 cm in diameter) into the palm of the hand. Use the face-washing net included in the pack and create a lather.
- ② Gently massage the foam into the skin using a circular motion.
- ③ Finally, rinse thoroughly with lukewarm water and pat dry with a clean, soft towel.

Cleanser

## MT Colloidal Mineral Wash (for normal or oily skin types) 100 g

This is a mineral-rich face wash with fluffy, creamy foam that keeps the skin scrupulously clean while preventing acne and breakouts. This cleanser thoroughly removes dirt and impurities, delivering a refreshing feeling.

### Instructions for use

- ① Squeeze a small amount (1-2 cm in diameter) into the palm of the hand. Use the face-washing net included in the pack and create a lather.
- ② Gently massage the foam into the skin using a circular motion.
- ③ Finally, rinse thoroughly with lukewarm water and pat dry with a clean, soft towel.

# PROTECT UV LINE

## Sunscreen

### MT Protect UV Gel 50 g

SPF34 PA+++

This is an intense hydrating, moisture-rich sunscreen that boasts a light texture. It is also sweat and water resistant. With a high SPF 34 PA+++ rating and a combination of formulated ingredients\*, it protects the skin from oxidation by harmful UV rays.

\* 3-O-Ethyl Ascorbic Acid (moisturising ingredient), Tocopherol (antioxidant ingredient).

#### Instructions for use

Take a moderate amount of sunscreen and apply evenly to the face, neck and décolletage areas. Reapply at regular intervals.

## Makeup Base

### MT Protect UV Base Cream 30 ml

Colours: PB01 Pink Beige, PB02 Nudey Sand, PB03 Sheer Ochre SPF26 PA++

This SPF26 PA++ makeup base cream is formulated with fat-soluble antioxidant Vitamin C\* which protects the skin against drying out from harmful penetration of UV rays. Light and moisturising, it works as an excellent base and diminishes the appearance of fine wrinkles caused by dryness.

\*Ascorbyl Palmitate (antioxidant ingredient).

#### Instructions for use

Take a moderate amount and apply to the face and neck, allowing the skin to absorb the cream before applying makeup.

## Setting Powder

### MT Protect UV Loose Powder 12 g

Colours: PP01 Clear Veil, PP02 Pink Pearl, PP03 Sheer Sand SPF10 PA+

This multi-functional setting powder smooths your skin and creates a pearl-like radiant finish. Formulated with SPF10 PA+ protection, it blocks harmful UV rays and covers the visible signs of ageing, wrinkles and pigmentation such as freckles caused by exposure to sunlight with a natural tone. It also helps your makeup to last longer as it absorbs excess sweat and sebum.

#### Instructions for use

Apply the loose powder after applying base makeup. Take the desired amount and use the powder puff to apply it directly to the skin.

## PARTS CARE

## BODY CARE

### Lip Cream

#### MT Lip Concentrate

This powerful lip cream combines cosmetic ingredients that locks in moisture so lips feel soothed, plump and soft. Containing DMAE\*, this ingredient is especially for hydrating so your lips look luscious and kissable.

\*Tartaric Dimethylaminoethanol (firming ingredient).

#### Instructions for use

Apply directly to the lips.

### Hand Cream

#### MT Moist Hand Cream 50 g

The MT Moist Hand Cream is gentle yet effectively protects your hands against roughness caused by external elements so your hands will be intensely moisturized and comfortable. With a non-sticky formula, it can be used throughout the day. Note its fresh floral scent, blended with natural, fragrant notes of lemon and lime.

#### Instructions for use

Take a medium amount of hand cream and apply it all over the hands using the fingertips.

### Body Gel

#### MT DMAE Body Create Gel 250 ml

This body gel contains a high concentration of skin-firming ingredients like DMAE\*. It helps to firm and lift the skin while delivering intense moisture. With a pleasant scent created with natural Bergamot and Camphorwood it is a luxuriously rich product that gives skin a wealth of benefits.

\*Tartaric Dimethylaminoethanol (firming ingredient).

#### Instructions for use

Apply a suitable amount of body gel and massage over the body, paying particular attention to areas of concern.
